Canon sx160 is battery life

Now let's get in to more details of our Canon SX160 IS review by analysing its specs and features and listing out its pros and cons compared to average competitor cameras in its class. Report a correction Buy Canon SX160 IS from AMAZON or B&H PHOTO Report a correction Canon SX160 IS Physical Specs Canon SX160 IS weighs 291 g (0.64 lb / 10.26 oz) and has external dimensions of 111 x 73 x 44 mm (4.37 x 2.87 x 1.73"). Considering that the average weight of Compact type cameras is 188g, Canon SX160 IS is a significantly heavy camera for its class. With a thickness of 44mm, it is not small either, 15mm thicker than the average of its class. Weight Comparison Compact Cameras Thickness Comparison Compact Cameras Here is the front and top view image of Canon SX160 IS with the dimensions: Front and Top View External Dimensions and Size of Canon SX160 IS Camera Body In order to give you a better idea about the real life size of Canon SX160 IS, we have added an image of how it looks next to a credit card and an AA type battery. Physical size of the Canon SX160 IS Body Compared to a Credit Card and an AA Battery Now let's compare Canon SX160 IS size with the camera that it replaced: Canon SX150 IS. Canon SX160 IS is 2mm narrower and 2mm thinner than Canon SX160 IS but they have the same height of 73mm. Comparison image of Canon SX160 IS and Canon SX150 IS Size, Weight and External Dimensions - Front View Below you can find the comparison of the weight and thickness of Canon SX160 IS with its main competitors: Weather Sealing Canon SX160 IS doesn't have any environmental sealings on its body so you got to be extra careful to protect it against water and dust. If you shoot under these conditions very often, consider checking Top Compact Cameras with Weather Sealing page. Canon SX160 IS features a 28-448 mm F3.5-5.9 16x zoom lens. Lens has a good wide angle capability starting at 28mm and remarkable super telephoto reach at 448mm. Wide Coverage Compact Cameras Telezoom Compact Cameras With a max aperture of f3.50 at 28mm, we can not consider this lens fast on wide end, and it is slow at the tele end with its max aperture of f5.90. Max Aperture at Wide Compact Cameras Max Aperture at Tele Compact Cameras SX160 IS is equipped with Optical image stabilization system which is very handy especially at lower shutter speeds. Canon SX160 IS's lens also has a Manual Focus Mode. Canon SX160 IS Sensor and Photography Features Canon SX160 IS has a 16.0MP 1/2.3-inch (6.17 x 4.55 mm) sized CCD sensor and features Digic 4 processor. You can shoot at maximum resolution of 4608 x 3456 pixels with aspect ratios of 1:1, 4:3, 3:2 and 16:9. SX160 IS has a native ISO range of 100 - 1600 but unfortunately, Canon SX160 IS doesn't have RAW file support. If you need a Compact camera with a RAW support, consider Nikon Coolpix P7000 or Olympus XZ-1 in the same price range. Canon SX160 IS is not the highest resolution Small Sensor camera. GoPro Hero9 Black with its 23.0MP sensor is leading in this class. Check the comparison of Canon SX160 IS vs GoPro Hero9 Black or take a look at Highest resolution Compact cameras list. Let's look at how the size of the Canon SX160 IS's 1/2.3-inch sensor compares with other standard sensor sizes. Comparison image of Canon SX160 IS Sensor Size with other standard sensors Canon SX160 IS has a Fixed Type 3.00-inch LCD screen with a resolution of 230k dots. Both the screen size and the screen resolution is up to the standards of this class. Unfortunately Canon PowerShot SX160 IS doesn't have a Selfie friendly screen. If this feature is important for your shooting style, check here the list of Best Compact Cameras with Selfie Friendly LCD screen. SX160 IS doesn't have a viewfinder and no option for external viewfinder. Lack of a viewfinder can be problematic especially under strong light where visibility of LCD screens goes down dramatically. If you need a Compact camera with a built-in viewfinder in a similar price range, consider Panasonic Lumix DMC-ZS100 (Lumix DMC-TZ100) (Compare) or Nikon Coolpix P7800 (Compare). Alternatively, check here the list of all Compact cameras with viewfinder.. With Canon SX160 IS, you can record your videos at a highest resolution of 1280 x 720 at 30,25 fps and save in and H.264 formats. 1280 x 720 is a low video resolution by todays standards. If video quality is important for you, we recommend you to look at cameras with Full HD, even better 4K / Ultra-HD resolution . SX160 IS has a built-in Stereo microphone and a Mono speaker. On the other hand, Canon SX160 IS doesn't have any connections for external microphones and headphones. If you need a Compact camera with external microphone connectivity, consider Nikon Coolpix P7000 or Samsung PL120 in a similar price range. Also read: Max Shutter speed Canon SX160 IS can shoot continuously at max speed of 1 fps and has max shutter speed of 1/3200 sec. Flash Unfortunately SX160 IS doesn't have an external flash shoe so you are limited with the built-in flash. FocusingCanon SX160 IS features a Contrast Detection autofocus system. Canon SX160 IS also features Face detection AF where it intelligently detects the faces in the frame and locks the focus automatically. What type of Photography is Canon SX160 IS Good for? In this section, we review and score Canon SX160 IS in 5 different photography areas. Canon SX160 IS Alternatives In this section, we analyse how Canon SX160 IS compares with other Compact cameras within a similar price range. Currently, Canon SX160 IS has an Overall Score of 39/100 which is based on our evaluation of 69 different technical parameters. Our scores are dynamically updated whenever a new camera is added to our database or when we change our ranking algorithm and the maximum score is always 100. Canon PowerShot SX160 IS is ranked #203 out of 630 in Compact cameras (Top 20 Compact), and ranked #775 out of 1239 in all Cameras (Top 20 Overall). #775 out of 1239 in Top Ranking Cameras#203 out of 630 in Top Ranking Compact Cameras#170 out of 245 in Top Ranking Small Sensor Superzoom Cameras#309 out of 739 in Top Ranking Small Sensor Sensor Cameras#485 out of 536 in Lightest Compact Cameras with Small Sensor sensor(291g) #469 out of 916 in Top Ranking Cameras with Fixed Type Screen Main Scores Check our Smart Finder Tool to filter, sort and compare all digital cameras.
